---

Susanna,

Please see below written response from Francesca Branch related to OCSPP IO comments on the general and lung cancer epidemiological criteria. These comments were handed to OPPT RAD managers at a meeting with OCSPP IO on October 22. Also attached is the latest version of the general epi criteria.

I recommend transmitting the information to OCSPP IO. I will also put the response and revised general epi criteria on the shared folder. We will be happy to meet with OPPT and OCSPP IOs for follow up questions on the epi criteria. Thanks.
